

TS Ventures Fond

Nov 2022

TSV FUND – OUR INVESTMENTS:

- Cloud solution for managing small hotels and apartments
- B2B solution about 600 clients on 4 continents - South America, Africa, Europe and Asia in 2020
- Round size 240.000 eur
- Pre money Valuation: 2.400.000 eur

- API (middleware) solution that connects delivery platforms and restaurants, retail stores and all other users
- Solving a complex software project by connecting orders with warehouses, cash registers and delivery itself making it fully automatic
- Currently expanding at two neighboring markets, primarily in Romania
- Round size 250.000 eur
- Pre money Valuation 2.777.000 eur

- E-commerce platform which targets specific niche market – digital brush for painting on the devices
- Already operating on the territory of the USA
- Goal is to use that technology and apply it for the other products and markets
- Round size: Unknown
- Pre money Valuation 900.000 eur

- Startup that covers the segment of AI, machine learning and deep tech
- Anari is the Nvidia for systems on cloud heterogeneous computing (without building chip)
- The team had already made a great result in the development of AI
- Pre money Valuation : Safe Note / Unkown

TSVF

WHAT TO THINK ABOUT!

THE PROBLEM
that you are solving

IN WHAT
CREATIVE WAY
you are solving it

WHO ELSE SOLVED
THAT PROBLEM
(your competition)

WHY WOULD CUSTOMER
choose your solution
(competitive advantage)

TSVF

VALUE OF YOUR IDEA!

MARKET share

You need to specify your target market share

MARKET potential

You need to size your market in both terms, potential users and market value

GROWTH potential

You need to specify your yearly growth

COST

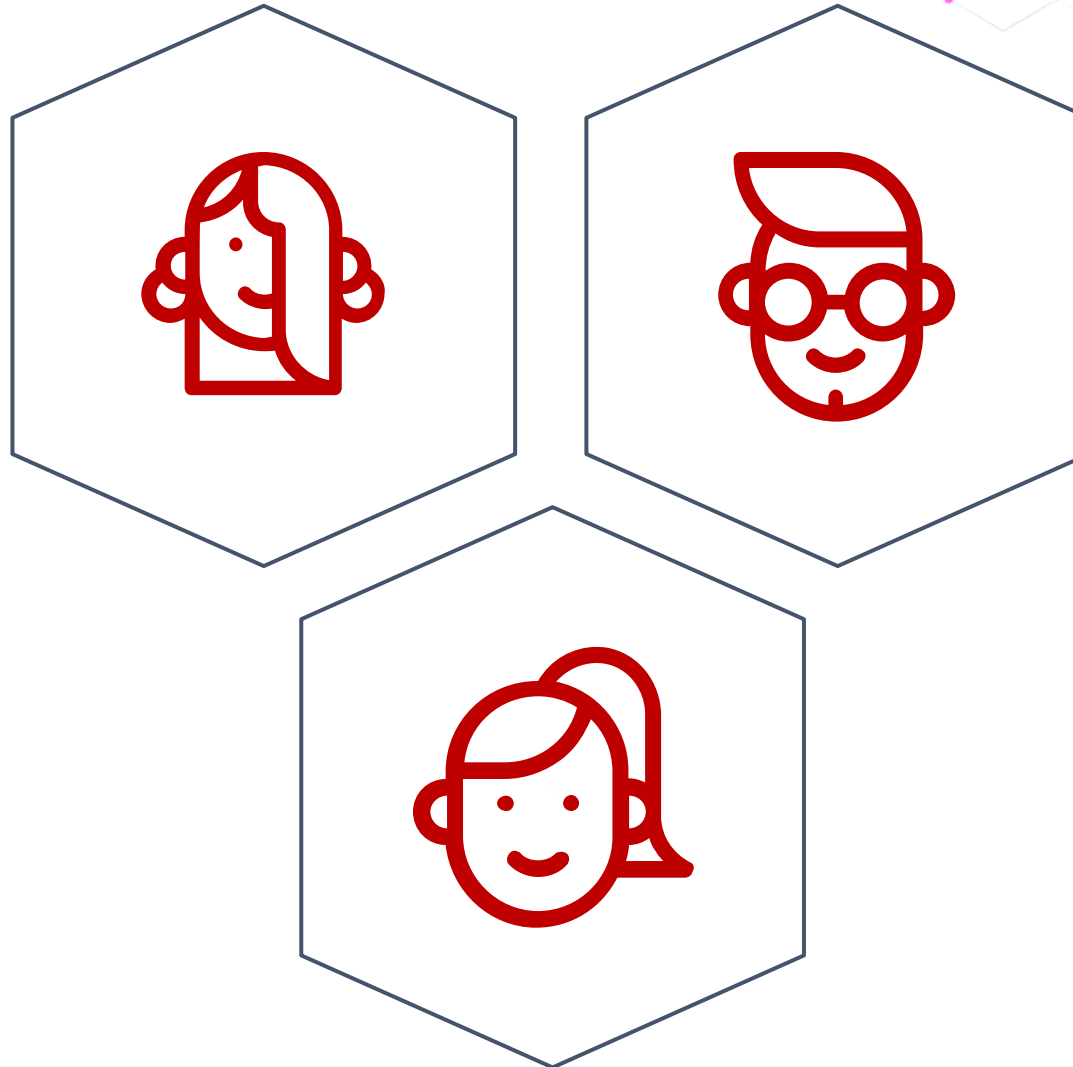

You need to specify costs and expenses.

TSVF

YOUR TEAM

Everybody knows that you need a good team to succeed, and growing your empire needs a stable team that is fully devoted to the same goals and ideas, so make sure you emphasize your teams' strong points and division of labor so that we are sure that when you think of an idea, we have no doubts it will be implemented.
